

# Apps

# Apps

---

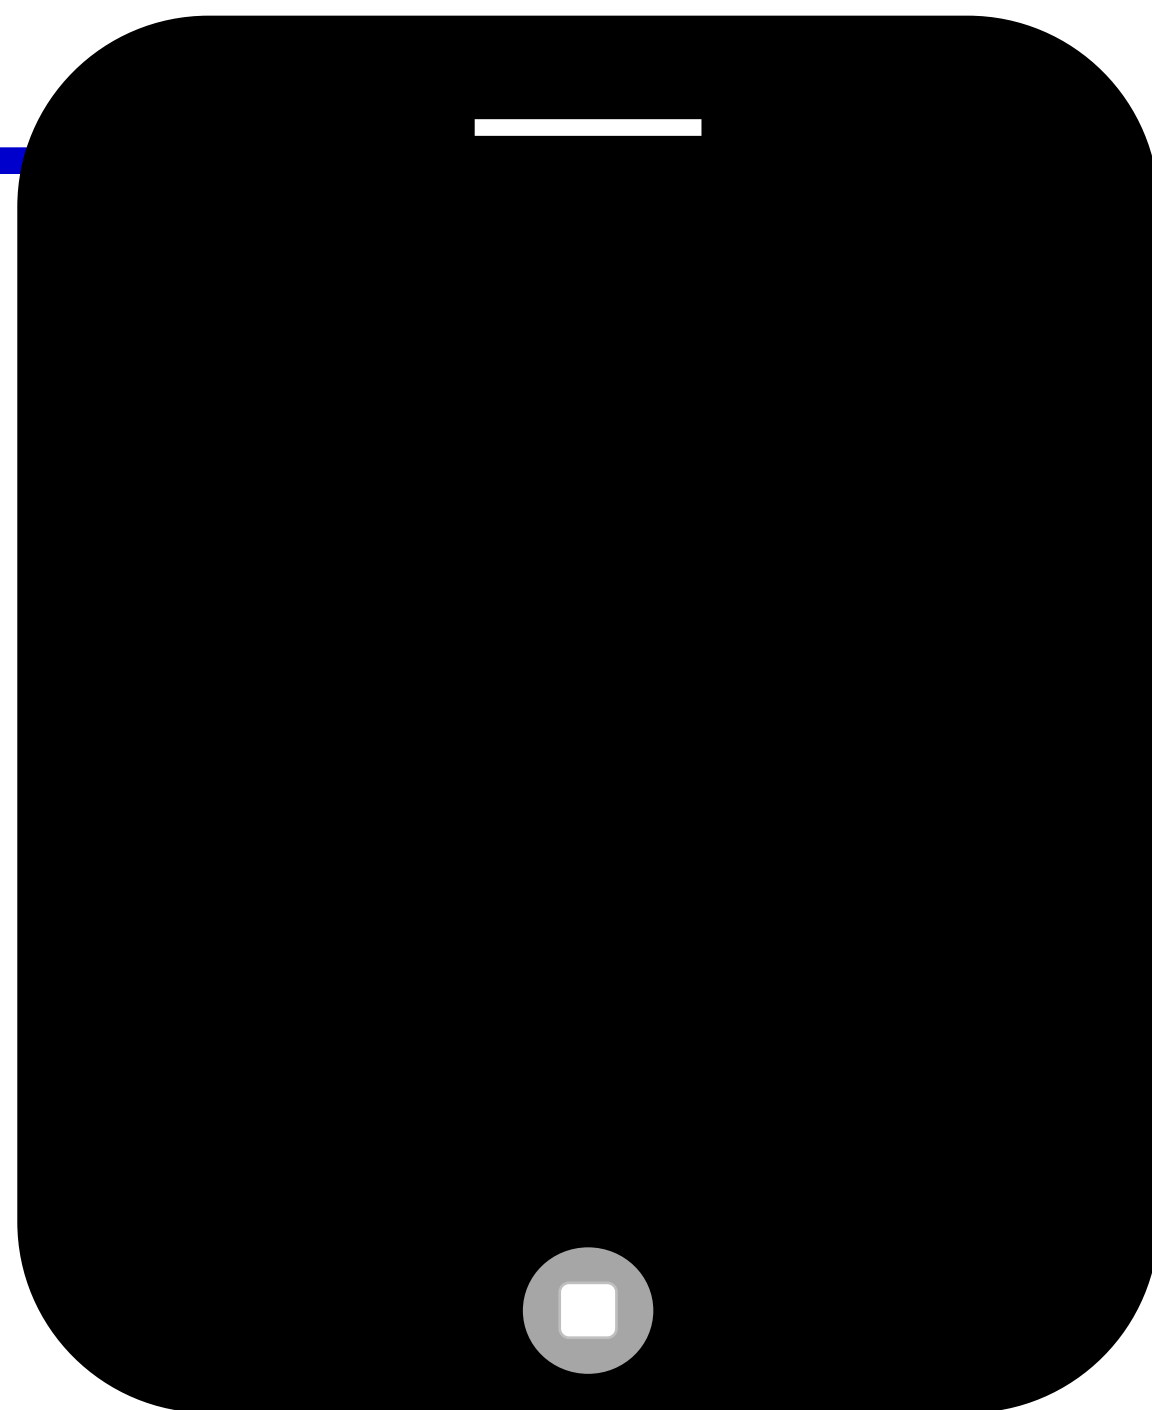

- **NMR App created at Heriot-Watt University by Dr Arno Kraft.**
- **One of a series to assist in aspects of practical chemistry and analysis.**
- **Adapted for public use as a weblink from the SNUG website (Scottish NMR Users Group).**
- **Used by our students to support understanding of NMR interpretation. Not intended to teach theory.**

# Apps

---

- **Concentrate on basic concepts in  $^1\text{H}$  and  $^{13}\text{C}$  NMR.**
- **Videos to help with analysis of 2D, made by UG students!**
- **Easily accessible information on a student-friendly platform.**
- **Available for all to view on the website of SNUG!**
